Kentucky continues to offer tools to help parents understand and celebrate the performance of schools. Visit <https://raisethebar.education.ky.gov> for more information on the full suite of School Report Card tools available to help inform parents and communities. KRS 158.6453 requires the sharing of the School Report Card annually with families and communities so stakeholders can have a clear idea of how well their school is performing. If you need help accessing or viewing your school's report card, please contact the district office.
